Street Checks Statistics 2024

In April of 2021, the Government of Alberta passed Bill 63, the *Police (Street Checks and Carding) Amendment Act, 2021*, as part of its efforts to reform policing in Alberta and to formally ban carding and regulate street checks.

New obligations have been put in place for all police services within Alberta as it relates to the Collection of Information Voluntarily Provided by the Public Regulation (Regulation attached). The collection of information voluntarily provided by the public has been conducted by police services across Canada as both an intelligence gathering and crime prevention tool for decades.

The evolution of these checks into arbitrary and non-voluntary detention of individuals without purpose (referred to as carding), has led to significant media attention and broad public attention. There are concerns that the practice violates an individual's rights and disproportionately targets racial minorities and vulnerable populations.

In response, the Government of Alberta has directed that police services will be banned from utilizing the practice of carding. New rules regarding the collection of personal information during a police interaction with a member of the public will be provided through the amendment to the *Police Act* (the Act) and the creation of the new Regulation.

The Regulation has four deliverables, they include;

- Annual Reporting
- Training
- Completion of Training
- Public Awareness Campaign
